

Producing Productive Berkshire Females

We are proud to produce Berkshire females with mass, bone, length of body and structural correctness that have grown and been productive. Call us for your Berkshire female needs! We have August and September boars and gilts available now!

Thanks to Larry Kolb, Ill., for his \$1,650 investment of our TNT x Dialed In NBS® class 3 gilt.

We are extremely proud to have bred this Real Deal gilt and to have made the decision to keep her as a sow in our herd. Gilts like this don't come along very often!
